

- Rebates are provided on a per-unit basis: \$25 per thermostat—max. 2 thermostats (\$50)
- Valid for installations made through 12/31/12
- Some restrictions may apply. Offer subject to change without notice

TERMS AND CONDITIONS

Rebates: Subject to these Terms and Conditions, NSTAR Electric (the “Company”), through its contractual Vendor, Conservation Services Group (“Vendor”), will pay rebates to eligible NSTAR Electric customers for the installation in NSTAR Electric’s service territory digital 7-day programmable thermostats.

Customer Eligibility: You must be a residential NSTAR Electric customer installing qualified thermostat(s) in an existing home. Thermostat(s) installed through December 31, 2012 are eligible. Thermostat(s) must have been installed at the installation address on the front of the application. Rebate is only for thermostat(s) that control an oil-or propane-fired heating system. You must be eligible to participate in the Mass Save Home Energy Services program. Application and required documents listed must be received by the Vendor within 30 days of installation.

Post-Installation Verification: Prior to offering any rebate, the Company reserves the right to conduct an on-site verification that the thermostat(s) were installed according to the guidelines of the program. If the Company determines that the thermostat(s) installed do not meet the program specifications as described in the application, the Company reserves the right to refuse to pay the rebate.

Rebate Application: The Customer is responsible for completing all required information on the Rebate Application (the “Application”). Rebate applications will not be processed if they are not properly filled out and accompanied by your dated sales receipt and original UPC code from the package(s).

Rebate Amounts: If the Customer is in full compliance with the terms and conditions of this agreement, the Company will provide rebates for a maximum of 2 thermostats up to \$50. Rebate amount not to exceed the purchase price.

No Warranties: The Company and the Vendor do not endorse, guarantee, or warrant any particular contractor, manufacturer, or product. The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the thermostat(s) or the adequacy of such thermostat(s).

Changes in the Rebate Program: The program and these Terms and Conditions may be changed by the Company and the Vendor at any time without notice.

Contractor Insurance: The Company and the Vendor are not responsible for any damage that may be caused by or arise out of an installation of any thermostat. The Customer should select Contractors who carry appropriate insurance coverage and licenses.

Liability & Release: As part of the consideration for participating in the program, the participant hereby releases and shall indemnify, hold harmless and defend NSTAR Electric, its member utilities, and the Vendor from any and all claims, losses, harm costs, liabilities, damages and expenses (including attorneys’ fees) of any nature whatsoever arising directly or indirectly out of or in connection with the installation of the thermostat(s) at the premises or any material and labor required for such installation.

No Tax Liability to NSTAR Electric and Rebate Administrator: NSTAR Electric and the Rebate Administrator are not responsible for any tax liability which may be imposed as a result of receipt of the rebates by the electric utility to the customer.

Energy Benefits: NSTAR Electric is entitled to 100% of the energy benefits associated with this rebate, excluding the value of energy cost savings to you, our customer, but including all rights to all associated Independent Systems Operator—New England, Energy, Capacity and Reserves Products, and you, our customer, agree to provide NSTAR with such further documentation as we may request to confirm NSTAR’s ownership of such benefits and Products.

Digital 7-day Programmable Thermostat Rebate

Install a qualified Thermostat and Receive a \$25 Mail-In Rebate

Save money, energy, and the environment while increasing the comfort of your home.
